# Energy & Mobility 2026 Conference and Forum

From FIRE to FUSION, from Horseback to HVDC, we invite the best ideas in  
**The most important American transformation conference in history.**

**ENERGY** and **MOBILITY** are the cornerstones of modern civilization, driving economic growth, technological advancement, and societal development. **ENERGY** powers our vehicles, homes, industries, and infrastructure, enabling everything from basic daily activities to complex industrial processes. **MOBILITY** facilitates the movement of people, goods, and services, connecting communities and fostering global trade. Together, they enhance the quality of life, promote innovation, and the value chain to support the economy and security that sustains our modern world – and evolves us toward a sustainable civilization.

## **Energy & Mobility: Technology, Systems, and Value Chain Conference and Expo**

Introducing and in  
collaboration with:

This exciting event sets the course for exploring new Concepts, modern Technologies and effective Systems toward achieving a secure, robust, and resilient future. Leveraging advanced technologies from lunar and space programs, emerging Quantum Computing capabilities, and applying AI driven Systems Engineering to support the electrification and security of transportation, industry, and critical infrastructure is a major focus, captured by

### **FOUR CORE THEMES:.**

**Theme One:**  
Transforming the  
Energy System:  
Essential Capacity  
and Leadership with  
GRID 2.0

**Theme Two:**  
Powering Mobility  
and Mobile Power:  
Achieving New  
Frontiers with  
Technology  
advancements

**Theme Three:**  
Microgrids:  
Decentralization,  
Island Mode, and  
Energy Democracy  
for Security and  
Resilience

**Theme Four:**  
Policy, Regulation,  
and AI Optimized  
Market  
Transformation for  
Economic  
Advantage

Join industry experts, systems thinkers, engineers, innovators, pioneers, developers, policy & decision makers, and business leaders from across the energy and mobility space looking for the products, services and technology advancements that will evolve the future of modern Energy and Mobility Systems.

Sept 27 – 29, 2026  
Cleveland, Ohio  
Huntington Conv. Ctr

# TIERED SPONSOR FEATURES

Sponsor Level*	Diamond	Platinum	Gold	Silver	Bronze	Iron
Number of Available Sponsorships	1	2	5	20		
<b>Experiences</b>						
Program Track - Technical Session Content	●					
Full-day Workshop presentation	2	1				
Featured Conference Speaker	2	1				
Energy & Mobility Homepage - message	●	●				
Special Committee Meetings	2	1				
<b>Participation</b>						
Full Conference Registration	10	6	2	1		
Special Workshop passes	6	4	2	1	1	
Hospitality Suite Access (On-Site)	●	●				
Event Emails promo	●	●				
Breakout Room Naming	●	●				
<b>Recognition / Exposure</b>						
Logo on Lanyard	●	●				
Logo on Website	●	●	●	●	●	●
Logo in Print Program	●	●	●	●	●	●
Directional Signage to Exhibit Hall	●	●	●			
Internal & External Signage of the I-X Center	●	●	●			
Sponsor Slide in the Main Group Presentations	●	●				
Appreciation post on event Social Media Pages	●	●	●	●		
Literature in Attendee Bag (restrictions apply)	●	●	●	●		
Press Releases Available to Media Registrants	●	●	●			
Ad - Back Cover of Printed Final Program	●					
Ad Inside of the Printed Final Program (page)	1	1	1/2	1/4		
Exhibit Space - Booth (additional sizes negotiable)	20x20	20x10	10x10			
Exhibit Space - Table (6x2)				2	1	
Poster 22x36 in Exhibit Hall	●	●	●	●	●	●

\* Suggested Sponsorship Levels: Diamond \$25000 | Platinum \$20000 | Gold \$10000 | Silver \$5000 | Bronze \$2500 | Iron \$1000

**ENERGY & MOBILITY**  
TECHNOLOGY, SYSTEMS AND VALUE CHAIN  
CONFERENCE & EXPO

# Innovation + Systems + Integration >> Resilient Civilization

## Energy & Mobility technical programs will include presentations / papers on:

- Policies/Regulations Outlook: Electric, Automotive, Aeronautics & Space Systems
- Power Transmission & HVDC – Back to the DC Future
- Securing / Protecting the GRID & our Vulnerable Critical Infrastructure Systems
- Microgrids / Nanogrids: Systems for Decentralized Resilient Infrastructure
- Automotive & Aviation Systems Transport Electrification
- Energy Conversion, Nuclear Fusion, SMRs, & Storage advancements
- Power Generation, Distribution, Control, Management
- Advanced Drone Technologies, Threats and Countermeasures
- Telematics Technologies, Systems & Supply Chain Management
- Autonomous Operation in Power and Propulsion
- Advanced Materials & Applications
- Systems Design, Integration, Life-cycle, Modeling & Digital Twins
- Innovating Technologies, developing Systems, and Evolving a Sustainable Civilization  
*and more!*

.... Value Chain supporting the evolution toward “Sustainable Civilization”

### Exposition Basics

Booth packages start with a branded 10 x 10 ft. area and include exhibit identification sign, four (4) exhibitor staff passes, company listing in the printed event guide, and other perks!

Looking for a smaller space? Opt for a 6 x 2 ft. table: includes skirted table, 1 chair, identifying sign, and two (2) exhibitor staff passes.

Larger booths, special spacing, and outdoor / custom exhibit configurations are available to fit your unique requirements.

## Registration -- details and official opening dates TBA in April 2026
